DETAILED ACTION

Applicant's amendments filed 6/1/2011 have been entered.

Claims 4, 10, 12, 13, 15, 16, 34-37, 39, 40, 42, 57, and 58 are pending.

The outstanding rejection under 35 USC 112, second paragraph is withdrawn in view of the amendments filed 6/1/2011.

The double patenting rejection remains due to the terminal disclaimer filed 8/72/2010 not being approved. The decision was mailed 9/9/2011

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 4, 10, 12-13, 16, 34-37, 57, and 58 are rejected under 35 U.S.C. 102(b) as being anticipated by US 5,409,953 ('953).

'953 teaches combretastatin compounds with -OCH₃ or -OH in the herein recited position (See for example the abstract). For example, in the compound of Formula (I), R₁ and R₂ are methoxy, R₄ is -OH, and R₃ is -OH. Such compound meets the limitations of the instant claims and such compound is not combretastatin A-1 or its prodrug or its esters.

Allowable Subject Matter

Claims 15, 39, 40 and 42 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments filed 6/1/2011 averring the cited prior art's failure to teach the herein claimed compounds have been fully considered but they are not persuasive. The examiner believes the above rejection has addressed the applicant's arguments.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
